A. McDowall, Esq.,
The Castle House,
Otford,
Kent.

Dear Andy,

re: The Survey of Palace at Otford.

I enclose herewith a copy of the plan I have prepared showing all the various remains connected with the Palace.

This drawing has been compiled from a number of smaller drawings and the accuracy in certain areas is suspect. However, it should serve well enough for plotting accurately the main existing features of the Palace, for which you have kindly offered the services of one of your Surveyors.

If you will let me know which Saturday morning your Surveyor will be free to undertake this task, I shall be pleased to meet him and yourself in order to mark out the various points which we would like measured.

Yours sincerely,

Malcolm G. Deller.
